## Safety Versus Speed.

lenunciation against the way with his judgment.

It is well for the members of the Township Committee and for the pubize that upon it rests the responsibility for the wise and profitable expendithat whether or no the credit of good work may come to the Committee, the blame for all the bad will rest unrelieved upon its shoulders. It may well meaning and honest importuniwith work well done will repay the exercise of it many times over.

Several positions taken by the Committee within the last few weeks | Congo River it becomes apparent that Notably the action taken with regard to the electric fire alarm. The fire greater volume of water than the men have in their ranks and among Congo, but it is to be doubted whother their active supporters many of our it or its tributaries have as many navbest citizens; and to their credit be igable miles as the great river of Cenit said they are enthusiastic. The tral Africa. A trip or 2,000 mues on the Congo is a small matter; and you Town ewes much to the enthusiasm do not have to start at its mouth to efficient lire service, but some of the enthusiasm has spread from the fire bepartment to other lire strange things which the explorers have discovered, journeying up the bepartment to other lire committee the room. enthusiasm has spread from the fire bepartment to other circles: and the noble tributaries, is the fact that the

have mingled with the ardent spirits pensity for wandering. They of the firemen the proper sugant of themselves out to other African tribes cool deliberation and judgment to as bunters. Small and sinewy, active make a safe and reliable mixture H keys, they hide themselves in trees is said that the contract for the elect and throw the fatal spear at the game tric alarm has been agreed upon and as it passes below, or else send the will be at once executed. There has swift arrow to the victim's heart. will be at once executed. There has swift arrow to the victim's heart been some delay but we have little found in the upper Congo 150 feet in doubt that much advantage has been length, several times as long as the gained already by it, and that the small steamer which bore Stanley and work of the fire slarm company will his party. But in spite of the facilinot be the worse on account of their ties for traveling that these cances afrealizing that an imperturbable, and away from home. The cannibalistic perhaps from their standpoint tight tribes, however, do know something days and Saturdays from 4 to 8 P. M.

The mambers and numerous friends of the Frank G. Towns, one of the foremost men in Congo countries in any numbers the

Mr. Tower's physician has so ordered and circumstances are such that Mr. Tower must obey no matter how reluctant he may februate the matter, and it is a safe venture to say that he feels it most deeply. For six success.

Mr. Tower has been elected to the Araba. These are the slave hunters ive years Mr. Tower has been elected to the Araba. These are the slave hunters

proposition, that is they would pay half Victor Hugo predicted. the expense of paving the street guiter in front of their premises. That is perhaps sound reasoning. But will it not cost the paving to keep a steep hill street like Lin- duty to tell what punders Dr. King's New Discoin street in repair? Rain-stores, as all covery has done for me. My lungs were builty

The Trip to Europe. In preparing for the tour abroad the traveler is wise who refrains from burdening himself or herself with trunks, boxes, and other baggage. If the selection of clothing you take with you is not sufficient, you can buy

to much better advantage in London than you can at home. For the voyage across, pack the requirements for each individual into a separate tronk, a size not too large nor too small. A steamer-trunk, which will conveniently go under the state safety then the decision should be to room berth, is the best. In the trunk go slow It is perfectly natural for derlinen, two dozen pocket handker-these interested in any improvement chiefs, one dozen linen collars and work to be impatient of coffs, stockings, slippers, and thread, needles, buttons, and all the other small necessaries for making the toiis approximate the need of the im- let and repairing damages. Have provement and realizing most the possible for deck wear, and have the

the steed of the importance of the importance of the surples and realizing most the second from it. The second from it has been supported by the surples and materials, close fitting, so that the wind will not carry them away; while warm wraps are indispensable, even in summertime for lounging on deck. Do not sail without a folding chair for each of your party. It is no finecessary to carry any dainties in provisions. You can have all the fruit you want on board ship for the asking, and first class steamship lines carry all that the most delicate palate can crave.

Most persons experience sea sick. the character of it. If it able, even in summertime for lounging on deck. Do not sail without a folding chair for each of your party. It

Most persons experience sea-sick but does does of the work, who unfort ness, on their first voyage at least; but it is not a dangerous diness, and the result on recovery is a freshness and "live" feeling never felt before. As. a stomach tonic, sea sickness stands onrivalled. As soon as you are able Sealed Phoposals are her to go on deck, do so; and once you have accustomed fourself to your tem porary home, you will find plenty to

Seven or eight days will carry you across the Atlantic, and by the time you have ceased to regard the rolling proposals for CROSSWALE CONSTRUCTION. lieved upon its shoulders. It may preparations and a quantity of bag require no little courage to reaist the gage. Follow the few hints just givenand you will have no reason to be sing ties of enthusiastic improvers, but er you can enjoy life at sea, depends future peace of mind and satisfaction mostly ubon your nature and constitu-

THE WONDERFUR CONGO. From what is already known of the

noble stream and its scarcely less firemen and their friends have thus numerous tribes on its banks know little of each other. Here will be one ment of that spirit of progress which dense forest will be found the flourishish villages of another, and yet the But this very enthusiasm unchecked two know nothing of each other. Far might not lead to the best results, away, however, almost in the lake reunanimously sup- which Herodotus wrote, and they reported by the committee at large, semble the Anglo Saxons in their pro-

continue to have a say in the matter, they taste, for one thing. They take long journeys for the sole purpose of capturing men and women to eat. Bloomfield Fire Department will hear with The nobler tribes in Africa are not canon regret that owing to ill health Mr. seen as the white man gets into the nibals, and one may be certain that as the department will have to retire from the field of active daty.

Congo countries in any numbers the detectable practice will stop. It is cash, Real Estate ( ... Office furniture and

foremanship of the Truck Company, and his of Africa. They are the inhuman election for a seventh term was taken for pests that burn villages, kill infants granted at the next annual meeting, if sick and carry off men and women to sia ness had not intervened. The Truck Com- very and the most shocking degrada pany have not alone onjoyed a monopoly of tion. The noblest work that civiliza-Mr. Tower's influence and ability, but it tion could do in Africa would be to has been general throughout the whole demake an end of the Arabs and help partment Its advancement, improvement the Africans themselves to work out

partment Its advancement, improvement and increased utility was always uppermost in his mind and his time, money and energy have been, expended with those objects in view. It is hoped that his retirement will be of brief duration and hosts of friends wish him a speedy receivery from his disabilities.

It is understood that the Road committee declined to act on Mr. Bracden's proposition for paving the Linsoln street. With the slave trade abolished, with cannibalism ended, with steamer's plyposition for paving the Lincoln street cannibalism ended, with steamers plygutter on the ground that if they did so a ing up and down the Congo, the dark number of properly owners on other side continent will be ready for the wonbill streets stood ready to make the same ders of the twentieth century which

The Pulpit and the Stage, flev. F. M. Shroul, Paster United Brethren Committee several times the expense of Chirch, Blue Mound, Kan, says: "I feel it my covery has done for me.
